

Become Our Business Partner!

Arizona Rural Schools Association

Become a

26-27 Business Partner

The work of the Arizona Rural Schools Association (ARSA), a 501(c)(6) organization, is essential to strengthening Arizona's education system. We seek your partnership in advancing our mission to champion the interests of rural schools across the state. Guided by our vision to empower rural education, ARSA advocates for equitable resources and reinforces local governance, principles that are foundational to the success and sustainability of rural communities and their school districts. Every student in Arizona, regardless of geography, deserves access to a high-quality education that prepares them for future opportunities and challenges.

As an annual partner, your organization will gain meaningful visibility and direct access to ARSA's extensive network of more than 165 rural school districts, career and technical education districts, and county education service agencies statewide. This partnership offers a unique opportunity to demonstrate your commitment to advancing rural education while supporting the vitality of communities across Arizona. Your organization will be recognized for its support among a highly engaged audience dedicated to the success of rural schools. In addition, you will have the opportunity to connect directly with district leaders, school administrators, and educators at our Annual Conference in Flagstaff, September 24-26, 2026.

We invite you to make a lasting impact on rural education in Arizona. Your partnership will provide critical support for our advocacy efforts while helping to strengthen the educational landscape for rural students and communities. Together, we can ensure a brighter future for Arizona's rural schools.

Always Advancing Rural Education,
